DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-33 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over PondSolutions.com "Pond Liner Installation Procedures" herein referred to as Pond Solutions. Pond Solutions discloses the provision of pond kits. Pond Solutions further discloses the use of string, rope, or a garden hose and also spray paint for making an outline (boundary indicator) for designing a pond. It would have been obvious to include boundary indicators such as rope and/or spray paint in a pond kit, since doing so would facilitate the outlining of the pond in the design or "preparation" phase of building the pond.
